

## 2026 Company & Seniors Bible Quiz

### Instructions for leaders

The primary aim of the London District Bible Quizzes is to enable children and young people to engage with the Bible in a meaningful way, wherever they are in their own faith, whilst also incorporating a competitive element.

Teams may consist of **up to four members** of the Company & Seniors age groups. A Company may enter multiple teams if desired, and joint entries with other Companies are permitted.

The quiz should be overseen by a leader, with the expectation that this is done fairly and honestly. You may wish to invite your Chaplain or a leader from another Company to help with this.

### Running the quiz

All questions are based on **Jesus and Peter in John 21**. Young people should work together in their team to write answers on the provided answer sheet. They may confer and are permitted to use a Bible, but should find answers out for themselves. The quiz should be completed within a single meeting with a maximum time limit of **30 minutes**. Many of the questions are factual in nature, however some are designed to encourage creative thinking amongst the young people.

Alongside each question is the maximum number of points for that question. The maximum total score for the quiz is **50 points**.

### Answers

To assist leaders, the answers have been provided on a separate sheet, along with guidelines on how the points are allocated. It is important to remember that this is for teaching purposes and not to give the answers! Answers are taken from the New Revised Standard Version of the Bible.

### Submitting results

To enter, please scan and email your Question Sheets to Tom Boorman, London District Competitions Coordinator, on **tom@3rdenfieldbb.co.uk** by **Thursday 30th April 2026**.

Leaders do not need to mark Question Sheets themselves; this will be done centrally. Results will be published within two weeks of the closing date.

### Feedback

To assist us with planning for future events, we welcome any feedback on how the quiz works for Companies. Please email any feedback to Tom.
