3 Person Colours 2027

The rules for this competition can be found in the October 2024 revision of the London District Band & Drill competition rules. The Colour Party should march on with the Colour uncased and to the Carry by the Colour Bearer, who should wear the carrier over their left shoulder. The Colour Party should begin the routine at the rear right of the hall, side by side, facing towards the front and standing at ease. Movement of the Colour will not require a command but should be carried out smartly in the simplest manner without loss of bearing and with the left hand being used as necessary. It will be necessary for the Colour Bearer to memorise the commands for this drill routine. Between each section, the Colour Bearer should await signal from the judge before continuing. Marks will be awarded for uniform (10), commands (20) and drill movements (70).
